

Capstone Day 3 — Demo and Portfolio

Day 21

Lesson 20

Nora XIE

Vibe Coding Bootcamp

Phase 5 — Ship something real

Time: 60–75 min

Mode: Self-study

Today's goals:

- ★ Finish README and v1.0 tag
- ★ Give 2-minute demo
- ★ Reflect on learning

Quest map: Day 21 of 22

Hook — why today matters

 **Launch day!**

A portfolio tells what you built and how you think. Today you ship v1.0.

Big idea

Learn

README sections: title, how to run, what you verified, where AI helped. Tag v1.0 in git optional.

AI rules today

Honesty rubric: documenting AI help is responsible, not shameful.

Predict → **Run** → **Investigate** → **Modify** → **Make**

Demo code

Folder: day21/

Open: day21/demos/README_template.md

Guided practice

Try it

Practice a 2-minute demo: problem, demo run, one proud feature.

Assignments

Assignment

Work in: `day21/assignment/`

A — **Predict** N/A — portfolio day.

B — **Polish** README complete with run instructions.

C — **Demo** Live or recorded 2-minute demo for family.

D — **Reflection** `assignment/REFLECTION.md`: 3 learned, 1 next project, AI honesty paragraph.

Self-study checklist

- ☐ Re-read **Learn**; predict outputs (10 min)
- ☐ Assignments A–D (35–45 min)
- ☐ Run your program 3 times with different inputs
- ☐ 3-bullet “what I tried” note
- ☐ Stuck 15 min → C-R-A-V (`../shared/prompts.md`)

Reflection

1. Easiest vs hardest today?
2. One line you can teach a friend.

Tomorrow: Final exam tomorrow (Day 22).
